About me

Web Developer

Hello, My name is Mabotle Pienaar. I joined this programme called Codetelligent Bootcamp as a Web Developer, because of the love i have for computer and i want to learn more about this Software Development.

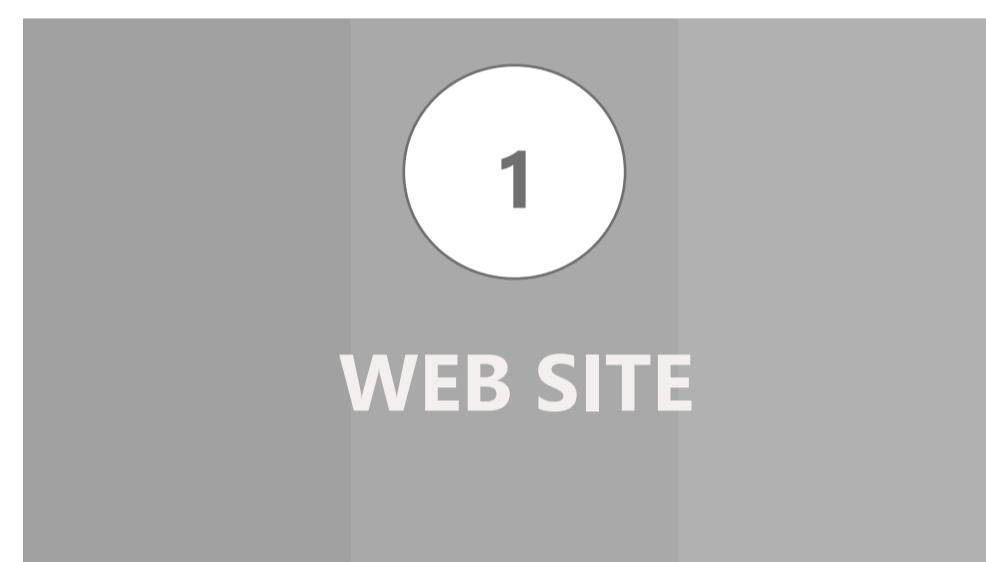

Web Development, its something special and interesting, sometimes you end up asking yourself "how did this website comes out like this presentable feature? how did i do it?" thats where you learn the inside of developing.

Projects

Project we require as web developer

Web developers design and create websites. I'm responsible for the look of the site. They are also responsible for the site's technical aspects, such as its performance and capacity, which are measures of a website's speed and how much traffic the site can handle.
